Angry Trannies* Against Cops and Kings

***and Dykes, Faggots, etc.**

"Here We Fucking Go Again."

Man is least himself when he talks in his own person. Give him a mask, and he will tell you the truth.

Issue 8 Jan 24

I want to be seen, a real,
tangible thing that fingerstrokes
heal at its seams, not screams
As it waits in vapid rooms
Beige-dead, zombied to
A process that won't soon admit:
"Regretfully, you are human too."

I want to be seen, a fresh and
Lovely thing - dazzles its hindwings
In threat display! Alert prey
Starving to be shared by
Rows of smiling teeth
Voraciously snide as they decide
If I belong with humans too.

I want to be seen, and yes, by you,
Touched along those heartache
Grooves which I had splintered on
Strangely rewrought;
New-made, strong
Because I get to give them to
Someone who, before me, knew
I could only be so human too.

The Altar of Consumption

Life's a bitch and then you die, but in the middle you'll consume so much. Consume so much stuff. Stuff, things, shit. Stuff is nice, things are cool and shit makes you happy, and then you die. Then society consumes you.

You die, and then you gotta pay to be cremated, or buried, or have a casket. Do you want the extra engravings on the tombstone? What about the nice exhibit at the funeral? For 59,99 you'll still be consuming when you're decomposing.

You can decompose, but you never deconsume, because that wouldn't generate profits.

Maybe it actually makes more money if you die, so we'll just kill your ass. Take the Coyote vs Acme thing; was more profitable to kill it than to consume it, so they killed it. Tax write off or some bullshit.

Not one thought towards people working their ass off to make it happen, because who cares about the spirit of things when you can care about the profits of things.

Then you've got the manipulation of opinions to consume more shit. Can't have little girls grow up confident in their bodies, they need makeup to be recognized as pretty. I mean, what is a woman but a sex symbol, am I right?

Yeah let's include high schoolers in there. Fine let's air some child beauty pageants and make makeup for kids (keep those trannies away from the kids though, they're groomin' em!).

Better consume to look pretty, you're not you when you haven't consumed. Those gay fucks don't want to consume?

Look, alright, we'll change our profile pictures on social media to have The FlagTM (except in the middle east) and make half the cast of our next show various sexualities, just keep buying our shit and consuming, please.

Mutter a slur under your breath as you sell out to the queers and go back to jackin it to trans porn, because queers are just another thing to consume for the big suits.

season opener

since I put on a dress
I've stopped
thinking about
killing myself

But now I think about
killing presidents
and governors
judges
and senators

I won't
I guess
but I do love to hold the bolt action .308 winchester that I inherited
from my father

and I have been there knelt next to him borne witness through the glass
when he felled a deer almost 450 yards away with a single squeeze of the
trigger
So i know it fires level and true

the bolt is on the odd side-he shot left handed you see-I shoot with the
other, and it would take too long to fumble a new round into the chamber
so I would probably only get the one

I can just hear his voice off my left elbow
I'm sure he would say "don't" but I like to imagine us amid the clouds:
a puff of white smoke off the muzzle and a softly exhaled whisper
frosted by november air his gloved palm upon my snow covered shoulder
with two light thumps of triumph

i love to feel with my fingertips the crosshatched etchwork of the
stock, almost as much as my daughter's beautiful red hair against my
lips her thin frame clutched in a hug the pharmacy bag of her hrt
rustling in the same hand I pull triggers with
my father's ghost and I in chorus at her ear

"you got him, kiddo. great shot"

Unfriendly Fire

Okay so which fucking fool decided trans women and femboys were mortal enemies? Why is that something I'm seeing online? Do people not have better uses for their time?

Did people really see the rigid boxes of man and woman and seek to improve it by tacking on rigid trans categories of the same? And then disparaging every man who isn't trans but also isn't adhering to the Norm as a "transvestite" or "sissy"? Come the fuck on.

I'll tell you who's behind It: conservatives. And no, I don't mean secret undercover Tory saboteurs. This isn't some psyop. We queers are perfectly capable of having shitty opinions by ourselves. I mean that people adopt a conservative Mindset out of a misplaced sense of fear. And okay, sure. It's often sensible to be afraid, but to fear change for its own sake is
absurd!

If we are to dismantle gender (and we should. Finding our own rung on the ladder still maintains the position of "person being stepped on) we need to accept that some boys look like girls and some boys look like girls and some people don't pass convincingly for either, and trying to force reality to fit some mould where you can tell at a glance is just gonna end in people being sad and angry - yaknow like I am now.

So kill the fucking gender cop in your head already. We're all on the same side. It's a shitty side and there's few perks, but we fight the fight anyway.

'Kay?
